## Toiletlåse

1920 - 1930

 **INTERSTEEL**

# 20'erne og 30'ernes boliginteriør finder vej til de danske hjem

Retrobølgen breder sig og sætter gamle kendinge i produktion igen.

Intersteel mestrer kunsten at genoplive gamle design, så det passer med nutidens teknologi.

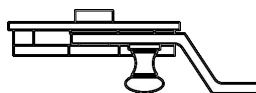

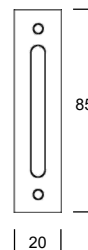

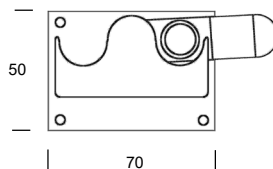

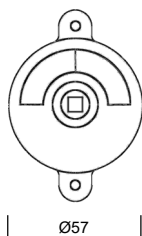

Kvalitetsbeslag på døre og vinduer bidrager til indretningen og er en del af helhedsindtrykket.
